

Integrated Healthcare Management

Healthy Wonders

Great Starts for Moms and Babies

Healthy Wonders gives expectant mothers the tools they need to feel prepared and confident throughout pregnancy. Our Obstetric/Gynecological registered nurses provide support, education, and early risk identification, helping mothers achieve full-term, reduced-stress pregnancies. The result is healthier babies and happier moms.

How it works:

Expectant mothers are paired with a personal Maternity Case Manager who is an Obstetric/Gynecological registered nurse. In partnership with your health care provider, your Maternity Case Manager will:

- Answer questions and provide support
- Provide educational materials
- Explain treatment plans
- Coordinate special services, if necessary
- Provide postpartum follow up
- Preventive ultrasound paid at 100%
- \$100 gift card upon completion of the program

Pregnancy is more than a physical challenge, and our Maternity Case Managers are here to answer your questions, listen to your concerns, and provide the emotional support you need throughout your pregnancy.

To enroll, call 1-800-447-7828 ext. 6245 as soon as your pregnancy is confirmed.

There is no cost to you. This benefit is provided through your employer's group health plan.

Questions? Call the above number today and speak with a Maternity Case Manager.
